Portfolio

Professional Summary

Aspiring Software Developer transitioning from Mechanical Engineering into IT. Proficient in Java, DSA, and MERN stack web development. Built and deployed AI-powered and ML-based projects. Strong problem-solving background from engineering, applied to real-world software solutions. Open to opportunities across India.

Technical Skills

Languages: Java (Intermediate), JavaScript, Python (Basics), SQL

Web Technologies: HTML5, CSS3, React.js, Node.js, Express.js

Databases: MongoDB, MySQL

Tools & Platforms: Git, GitHub, VS Code, Postman, Netlify, Render, Vercel

ML & AI: OpenCV, YOLO, Gemini API, Hugging Face

Concepts: DSA (Arrays, Strings, LinkedList, Stack, Queue, Trees, Hashing), OOP, REST APIs

Projects

AI Interviewer | *MERN Stack, Gemini API, Google OAuth, Razorpay* | [Live](#) [GitHub](#)

Built a full-stack AI-powered interview preparation platform using MERN stack and Gemini API.

Implemented Google OAuth for authentication, Razorpay for payments, and PDF parser for resume analysis.

Supports Text, Voice, and Video interview modes — giving users a real interview simulation experience.

Automated Fastener Measurement System | *Python, OpenCV, YOLO, ML* | [Live](#) [GitHub](#)

Designed a vision-based system to detect and classify nuts, bolts, and screws using OpenCV and YOLO.

Incorporated shadow removal, object detection, and dimension measurement using a 20mm reference square.

Mapped extracted features to a specs.csv file for automated component specification prediction.

Deployed frontend via Netlify and ML model inference via Hugging Face Spaces.

Portfolio Website | *HTML, CSS, JavaScript, EmailJS* | [Live](#) [GitHub](#)

Built a responsive personal portfolio with dynamic skill and project loading from JSON data files.

Integrated EmailJS for a functional contact form with email validation and status feedback.

Implemented scroll-reveal animations, sticky navbar, and mobile hamburger menu for a polished UX.

Experience

Six Phrase

Student Intern — Core Java

Remote

April 2025 – June 2025

Completed structured training in Core Java with hands-on mini projects: School Payment Management System and Library Management System.

Gained practical exposure to OOP concepts, file handling, and Java application development.

Education

G. Pulla Reddy Engineering College

B.Tech in Mechanical Engineering | CGPA: 7.8

Kurnool, AP

2023 – 2026

Dr. K.V.S.R Institute of Technology

Diploma in Mechanical Engineering | 88.96%

Kurnool, AP

2020 – 2023

CRRMMC High School, BSEAP

SSC (10th Grade) | 90.3%

Kurnool, AP

2020
